CBS CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Tabular dollars in millions, except per share amounts)

1) BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business-CBS Corporation (together with its consolidated subsidiaries unless the context otherwise requires, the “Company” or “CBS Corp.”) is comprised of the following segments: Entertainment (CBS Television, comprised of the CBS Television Network, CBS Television Studios, and CBS Global Distribution Group; Network 10; CBS Interactive; CBS Sports Network and CBS Films), Cable Networks (Showtime Networks, Pop, and Smithsonian Networks), Publishing (Simon & Schuster) and Local Media (CBS Television Stations and CBS Local Digital Media).

Basis of Presentation-The accompanying unaudited consolidated financial statements of the Company have been prepared pursuant to the rules of the Securities and Exchange Commission (“SEC”). These financial statements should be read in conjunction with the more detailed financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018.

In the opinion of management, the accompanying unaudited financial statements reflect all adjustments, consisting only of normal and recurring adjustments, necessary for a fair statement of the financial position, results of operations and cash flows of the Company for the periods presented. Certain previously reported amounts have been reclassified to conform to the current presentation.

Use of Estimates-The preparation of the Company’s financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Noncurrent Receivables-Noncurrent receivables of \$1.55 billion at both March 31, 2019 and December 31, 2018 are included in “Other assets” on the Company’s Consolidated Balance Sheets and primarily relate to revenues recognized under long-term television licensing arrangements. Television license fee revenues are recognized at the beginning of the license period in which programs are made available to the licensee for exhibition, while the related cash is collected over the term of the license period.

Deferred Revenues-Deferred revenues are primarily short term and included within “Accrued expenses and other current liabilities” on the Company’s Consolidated Balance Sheets. Total deferred revenues were \$323 million at March 31, 2019 and \$274 million at December 31, 2018. The change in deferred revenues for the three months ended March 31, 2019 primarily reflects cash payments received during the period for which the performance obligation was not satisfied prior to the end of the period offset by \$107 million of revenues recognized that were included in deferred revenues at December 31, 2018.

Unrecognized Revenues Under Contract-As of March 31, 2019, unrecognized revenue attributable to unsatisfied performance obligations under the Company’s long-term contracts was \$3.31 billion, of which \$1.56 billion is expected to be recognized for the remainder of 2019, \$931 million for 2020, \$611 million for 2021, and \$199 million thereafter. These amounts only include contracts subject to a guaranteed fixed amount or the guaranteed minimum under variable contracts. Such amounts change on a regular basis as the Company renews existing agreements or enters into new agreements. Unrecognized revenues under contract disclosed above do not include (i) contracts with an original expected term of one year or less, mainly consisting of the Company’s advertising

CBS CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular dollars in millions, except per share amounts)

contracts (ii) contracts for which variable consideration is determined based on the customer’s subsequent sale or usage, mainly consisting of affiliate and subscription fee agreements and (iii) long-term licensing agreements for multiple programs for which the Company’s right to invoice corresponds with the value of the programs provided to the customer.

Leases-The Company has operating leases primarily for office space, equipment, transponders and studio facilities and finance leases for satellite transponders and office equipment. The Company determines that a contract contains a lease if it obtains substantially all of the economic benefits of, and the right to direct the use of, an asset identified in the contract. For leases with terms greater than 12 months, the Company records a right-of-use asset and a lease liability representing the present value of future lease payments. The discount rate used to measure the lease asset and liability is determined at the beginning of the lease term using the rate implicit in the lease, if readily determinable, or the Company’s collateralized incremental borrowing rate. For those contracts that include fixed rental payments for both the use of the asset (“lease costs”) as well as for other occupancy or service costs relating to the asset (“non-lease costs”), the Company includes both the lease costs and non-lease costs in the measurement of the lease asset and liability. The Company also owns buildings and production facilities where it leases space to lessees.

The Company’s leases have remaining terms ranging from one to 16 years and often contain renewal options to extend the lease for periods of generally up to five years. For leases that contain renewal options, the Company includes the renewal period in the lease term if it is reasonably certain that the option will be exercised. Lease expenses and income are recognized on a straight-line basis over the lease term, with the exception of variable lease costs, which are expensed as incurred, and leases of assets used in the production of programming, which are capitalized and amortized over the projected useful life of the related programming.

Restricted Cash-Restricted cash of \$121 million at March 31, 2019 and \$120 million at December 31, 2018 is included within “Other assets” on the Company’s Consolidated Balance Sheets and consists of amounts held in a grantor trust related to the separation and settlement agreement between the Company and the former Chairman of the Board, President and Chief Executive Officer of the Company (see Note 13).

Net Earnings per Common Share-Basic net earnings per share (“EPS”) is based upon net earnings divided by the weighted average number of common shares outstanding during the period. Diluted EPS reflects the effect of the assumed exercise of stock options and vesting of restricted stock units (“RSUs”) only in the periods in which such effect would have been dilutive. Excluded from the calculation of diluted EPS because their inclusion would have been anti-dilutive, were 10 million stock options and RSUs for each of the three months ended March 31, 2019 and 2018.

The table below presents a reconciliation of weighted average shares used in the calculation of basic and diluted EPS.

(in millions)	Three Months Ended	
	March 31,	
	2019	2018
Weighted average shares for basic EPS	373	382
Dilutive effect of shares issuable under stock-based compensation plans	3	4
Weighted average shares for diluted EPS	376	386

Other Liabilities-Other liabilities consist primarily of the noncurrent portion of residual liabilities of previously disposed businesses, participants’ share and royalties payable, program rights obligations, long-term tax liabilities, deferred compensation and other employee benefit accruals.

(Tabular dollars in millions, except per share amounts)

Additional Paid-In Capital-For the three months ended March 31, 2019 and 2018, the Company recorded dividends of \$68 million and \$69 million, respectively, as a reduction to additional paid-in capital as the Company had an accumulated deficit balance.

Gain on Sale of Assets-During the three months ended March 31, 2019, the Company completed the sale of its CBS Television City property and sound stage operation (“CBS Television City”) for \$750 million. The Company has guaranteed a specified level of cash flows to be generated by the business during the first five years following the completion of the sale. The Company recorded a liability of \$122 million at March 31, 2019 reflecting the present value of the estimated amount payable under the guarantee obligation. This transaction resulted in a gain of \$549 million (\$386 million, net of tax), which includes a reduction for the guarantee obligation. CBS Television City has been classified as held for sale on the Consolidated Balance Sheet at December 31, 2018.

Acquisition-In March 2019, the Company acquired the remaining 50% interest in Pop, a general entertainment cable network, for \$50 million, bringing the Company’s ownership to 100%. The assets acquired primarily consist of goodwill and other identifiable intangible assets. The results of Pop are included in the Cable Networks segment from the date of acquisition.

Recently Adopted Accounting Pronouncements

Leases

During the first quarter of 2019, the Company adopted Financial Accounting Standards Board (“FASB”) guidance on the accounting for leases, which supersedes previous lease guidance. Under this guidance, for all leases with terms in excess of one year, the Company recognizes on its balance sheet a lease liability and a right-of-use asset representing its right to use the underlying asset for the lease term. The new guidance retains a distinction between finance leases and operating leases and the classification criteria is substantially similar to previous guidance. Additionally, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee have not significantly changed. The Company applied the modified retrospective method of adoption and therefore, results for reporting periods beginning after January 1, 2019 are presented under the new guidance while prior periods have not been adjusted. As a result of this guidance, the Company recognized right-of-use assets of \$952 million and lease liabilities of \$1.02 billion for its operating leases on the Consolidated Balance Sheet at March 31, 2019. This guidance did not have an impact on the Company’s Consolidated Statement of Operations. See Note 12 for additional information.

Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income

During the first quarter of 2019, the Company adopted FASB guidance that permits an entity to reclassify certain income tax effects of federal tax legislation enacted in December 2017 (the “Tax Reform Act”) on items within accumulated other comprehensive income (“AOCI”) to retained earnings. As a result of the Tax Reform Act, in 2017, the Company remeasured its deferred income tax assets and liabilities to reflect the reduction in the federal income tax rate from 35% to 21%. The remeasurement was recognized in net earnings and as a result, the income tax effects of the Tax Reform Act on items within AOCI remained at historical rates (“stranded tax effects”). During the first quarter of 2019, as a result of the adoption of this guidance, the Company elected to reclassify the stranded tax effects of \$176 million relating to its pension and postretirement obligations from AOCI to accumulated deficit. This guidance also requires entities to disclose their accounting policy for releasing stranded tax effects, unrelated to the Tax Reform Act, from AOCI. For pension and postretirement benefit plans, the Company releases stranded tax effects from AOCI when the pension and postretirement plans are terminated.

Targeted Improvements to Accounting for Hedging Activities

During the first quarter of 2019, the Company adopted FASB amended guidance for hedge accounting, which expands the eligibility of hedging strategies that qualify for hedge accounting, modifies the recognition and presentation of hedges in the financial statements, and changes how companies assess hedge effectiveness. In addition, this guidance amends and expands disclosure requirements. The adoption of this guidance did not have an impact on the Company's consolidated financial statements.

Accounting Pronouncements Not Yet Adopted

Improvements to Accounting for Costs of Films and License Agreements for Program Materials

In March 2019, the FASB issued guidance on the accounting for costs of films and episodic television series, which aligns the accounting for capitalizing production costs of episodic television series with the guidance for films. As a result, the capitalization of costs incurred to produce episodic television series will no longer be limited to the amount of revenue contracted in the initial market until persuasive evidence of a secondary market exists. In addition, this guidance requires the Company to test for impairment of television series on a title-by-title basis or together with other series as part of a group, based on the predominant monetization strategy of the series. This guidance also removes the requirement to classify all capitalized costs for produced television series as noncurrent on the balance sheet and adds new disclosure requirements relating to costs for produced television series. The Company is currently evaluating the impact of this guidance, which is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted.

Collaborative Arrangements: Clarifying the Interaction with the New Revenue Standard

In November 2018, the FASB issued guidance to clarify that certain transactions between parties to collaborative arrangements should be accounted for in accordance with FASB revenue guidance when the counterparty is a customer. This guidance also prohibits the presentation of collaborative arrangements as revenues from contracts with customers if the counterparty is not a customer. This guidance, which is required to be applied retrospectively and is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted, is not expected to have an impact on the Company's consolidated financial statements.

Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement that is a Service Contract

In August 2018, the FASB issued guidance on the accounting for implementation costs of a cloud computing arrangement that is considered to be a service contract. This guidance requires companies to follow the guidance for capitalizing costs associated with internal-use software to determine which costs to capitalize in a cloud computing arrangement that is a service contract. The guidance also specifies the financial statement presentation for capitalized implementation costs and the related amortization, as well as required financial statement disclosures. The Company is currently evaluating the impact of this guidance, which is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted.

Changes to the Disclosure Requirements for Defined Benefit Plans

In August 2018, the FASB issued amended guidance that eliminates, adds and clarifies certain disclosure requirements for defined benefit pension or other postretirement plans. The Company is currently evaluating the impact of this guidance, which is required to be applied retrospectively and is effective for annual periods ending after December 15, 2020, with early adoption permitted.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular dollars in millions, except per share amounts)

Changes to the Disclosure Requirements for Fair Value Measurements

In August 2018, the FASB issued amended guidance that eliminates, adds and modifies certain disclosure requirements for fair value measurements. This guidance, which is effective for interim and annual periods beginning after December 15, 2019, with early adoption permitted, is not expected to have an impact on the Company's consolidated financial statements.

2) STOCK-BASED COMPENSATION

The following table summarizes the Company's stock-based compensation expense for the three months ended March 31, 2019 and 2018.

	Three Months Ended	
	March 31,	
	2019	2018
RSUs and PSUs	\$ 33	\$ 38
Stock options	6	6
Stock-based compensation expense, before income taxes	39	44
Related tax benefit	(9)	(11)
Stock-based compensation expense, net of tax benefit	\$ 30	\$ 33

During the three months ended March 31, 2019, the Company granted 3 million RSUs for CBS Corp. Class B Common Stock with a weighted average per unit grant-date fair value of \$50.91. RSUs granted during the first quarter of 2019 generally vest over a one- to four-year service period. Compensation expense for RSUs is determined based upon the market price of the shares underlying the awards on the date of grant. For certain RSU awards the number of shares an employee earns ranges from 0% to 120% of the target award, based on the outcome of established performance conditions. Compensation expense is recorded based on the probable outcome of the performance conditions.

Total unrecognized compensation cost related to unvested RSUs at March 31, 2019 was \$261 million, which is expected to be recognized over a weighted average period of 3.0 years. Total unrecognized compensation cost related to unvested stock option awards at March 31, 2019 was \$24 million, which is expected to be recognized over a weighted average period of 2.3 years.

3) RESTRUCTURING AND OTHER CORPORATE MATTERS

During the first quarter of 2019, the Company initiated a restructuring plan under which severance payments will be provided to certain eligible employees who voluntarily elected to participate. The Company also implemented additional restructuring plans during the first quarter of 2019 across several of its businesses in connection with a continued effort to reduce its cost structure. As a result, the Company recorded restructuring charges of \$108 million, reflecting \$98 million of severance costs and \$10 million of costs associated with exiting contractual obligations and other related costs.

During the year ended December 31, 2018, the Company recorded restructuring charges of \$67 million, reflecting \$57 million of severance costs and \$10 million of costs associated with exiting contractual obligations and other related costs. During the year ended December 31, 2017, the Company recorded restructuring charges of \$63 million, reflecting \$54 million of severance costs and \$9 million of costs associated with exiting contractual obligations and other related costs.

10.4% of CBS Corp.'s Class A Common Stock and non-voting Class B Common Stock on a combined basis. NAI is controlled by Mr. Redstone through the Sumner M. Redstone National Amusements Trust (the "SMR Trust"), which owns 80% of the voting interest of NAI, and such voting interest of NAI held by the SMR Trust is voted solely by Mr. Redstone until his incapacity or death. The SMR Trust provides that in the event of Mr. Redstone's death or incapacity, voting control of the NAI voting interest held by the SMR Trust will pass to seven trustees, who will include CBS Corporation director Ms. Shari Redstone. No member of the Company's management is a trustee of the SMR Trust.

Viacom Inc. As part of its normal course of business, the Company licenses its television content, leases production facilities and sells advertising spots to various subsidiaries of Viacom Inc. Viacom Inc. also distributes certain of the Company's television programs in the home entertainment market. The Company's total revenues from these transactions were \$12 million and \$19 million for the three months ended March 31, 2019 and 2018, respectively.

The Company leases production facilities, licenses feature films and purchases advertising spots from various subsidiaries of Viacom Inc. The total amounts for these transactions were \$10 million and \$6 million for the three months ended March 31, 2019 and 2018, respectively.

The following table presents the amounts due from Viacom Inc. in the normal course of business as reflected on the Company's Consolidated Balance Sheets. Amounts due to Viacom Inc. were minimal at March 31, 2019 and December 31, 2018.

	At March 31, 2019	At December 31, 2018

Other Related Parties. The Company has equity interests in a domestic television network and several international joint ventures for television channels from which the Company earns revenues primarily by licensing its television programming. In addition, the Company held a 50% equity interest in Pop, a general entertainment cable network. In March 2019, the Company acquired the remaining 50% interest in Pop for \$50 million, bringing the Company's ownership to 100%. Total revenues earned from sales to these joint ventures were \$45 million and \$31 million for the three months ended March 31, 2019 and 2018, respectively. At March 31, 2019 and December 31, 2018, total amounts due from these joint ventures were \$37 million and \$34 million, respectively.

The Company, through the normal course of business, is involved in transactions with other related parties that have not been material in any of the periods presented.

6) BANK FINANCING AND DEBT

The following table sets forth the Company's debt.

	At March 31, 2019	At December 31, 2018
Commercial paper	\$ —	\$ 674
Senior debt (2.30% - 7.875% due 2019 - 2045) ^(a)	9,328	9,435

Less commercial paper	—	674
Less current portion of long-term debt	11	13
Total long-term debt, net of current portion	\$ 9,358	\$ 9,465

(a) At March 31, 2019 and December 31, 2018, the senior debt balances included (i) a net unamortized discount of \$61 million and \$58 million, respectively, (ii) unamortized deferred financing costs of \$45 million and \$43 million, respectively, and (iii) a decrease in the carrying value of the debt relating to previously settled fair value hedges of \$7 million and \$5 million, respectively. The face value of the Company's senior debt was \$9.44 billion and \$9.54 billion at March 31, 2019 and December 31, 2018, respectively.

In March 2019, the Company issued \$500 million of 4.20% senior notes due 2029. The Company used the net proceeds from this issuance in the redemption of its \$600 million outstanding 2.30% senior notes due August 2019.

Commercial Paper

At December 31, 2018, the Company had \$674 million of outstanding commercial paper borrowings under its \$2.5 billion commercial paper program at a weighted average interest rate of 3.02% and with maturities of less than 60 days. There were no outstanding commercial paper borrowings at March 31, 2019.

Credit Facility

At March 31, 2019, the Company had a \$2.5 billion revolving credit facility (the "Credit Facility") which expires in June 2021. The Credit Facility requires the Company to maintain a maximum Consolidated Leverage Ratio of 4.5x at the end of each quarter as further described in the Credit Facility. At March 31, 2019, the Company's Consolidated Leverage Ratio was approximately 2.9x.

The Consolidated Leverage Ratio is the ratio of the Company's indebtedness from continuing operations, adjusted to exclude certain finance lease obligations, at the end of a quarter, to the Company's Consolidated EBITDA for the trailing four consecutive quarters. Consolidated EBITDA is defined in the Credit Facility as operating income plus interest income and before depreciation, amortization and certain other noncash items.

The Credit Facility is used for general corporate purposes. At March 31, 2019, the Company had no borrowings outstanding under the Credit Facility and the remaining availability under the Credit Facility, net of outstanding letters of credit, was \$2.49 billion.

(a) Reflects amounts reclassified from accumulated other comprehensive loss to net earnings.

The service cost component of net periodic cost is presented on the Consolidated Statements of Operations within operating income and all other components of net periodic cost are presented within "Other items, net."

8) STOCKHOLDERS' EQUITY

During the first quarter of 2019, the Company declared a quarterly cash dividend of \$.18 per share on its Class A and Class B Common Stock, resulting in total dividends of \$68 million, which were paid on April 1, 2019.

Accumulated Other Comprehensive Income (Loss)

The following tables summarize the changes in the components of accumulated other comprehensive loss.

	Cumulative Translation Adjustments	Net Actuarial Loss and Prior Service Cost	Accumulated Other Comprehensive Loss

9) INCOME TAXES

The benefit (provision) for income taxes represents federal, state and local, and foreign income taxes on earnings before income taxes and equity in loss of investee companies.

	Three Months Ended March 31,	
	2019	2018
Provision for income taxes before discrete items	\$ (112)	\$ (134)

Other discrete items	3	(1)
Benefit (provision) for income taxes	\$ 496	\$ (135)
Effective income tax rate	(44.9)%	20.5%

(a) Reflects a deferred tax benefit resulting from the transfer of intangible assets between subsidiaries of the Company in connection with a reorganization of the Company's international operations. The related deferred tax asset is primarily expected to be realized over the next 25 years.

(b) Reflects the tax provision from the gain on the sale of CBS Television City.

In January 2019, the U.S. government issued guidance relating to the one-time transition tax on cumulative foreign earnings and profits required by the Tax Reform Act. This guidance resulted in a decrease of \$146 million to the Company's reserve for uncertain tax positions during the three months ended March 31, 2019 for amounts payable in 2019 as a result of this guidance; however, it did not have a material impact on the Company's Consolidated Statement of Operations.

10) FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

The Company's carrying value of financial instruments approximates fair value, except for notes and debentures, which are not recorded at fair value. At March 31, 2019 and December 31, 2018, the carrying value of the Company's senior debt was \$9.33 billion and \$9.43 billion, respectively, and the fair value, which is estimated based on quoted market prices for similar liabilities (Level 2) and includes accrued interest, was \$9.75 billion and \$9.48 billion, respectively.

The Company uses derivative financial instruments primarily to modify its exposure to market risks from fluctuations in foreign currency exchange rates. The Company does not use derivative instruments unless there is an underlying exposure and, therefore, the Company does not hold or enter into derivative financial instruments for speculative trading purposes.

Foreign Exchange Contracts

Foreign exchange forward contracts have principally been used to hedge projected cash flows, in currencies such as the British Pound, the Euro, the Canadian Dollar and the Australian Dollar, generally for periods up to 24 months. The Company designates forward contracts used to hedge committed and forecasted foreign currency transactions as cash flow hedges. Gains or losses on the effective portion of designated cash flow hedges are initially recorded in other comprehensive income and reclassified to the statement of operations when the hedged item is recognized. Additionally, the Company enters into non-designated forward contracts to hedge non-U.S. dollar denominated cash flows.

CBS CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular dollars in millions, except per share amounts)

At March 31, 2019 and December 31, 2018, the notional amount of all foreign exchange contracts was \$347 million and \$325 million, respectively.

Losses recognized on derivative financial instruments were as follows:

	Three Months Ended		Financial Statement Account
	March 31,		
	2019	2018	
Non-designated foreign exchange contracts	\$ (1)	\$ (4)	Other items, net

The fair value of the Company's derivative instruments was not material to the Consolidated Balance Sheets for any of the periods presented.

The following tables set forth the Company's assets and liabilities measured at fair value on a recurring basis at March 31, 2019 and December 31, 2018. These assets and liabilities have been categorized according to the three-level fair value hierarchy established by the FASB, which prioritizes the inputs used in measuring fair value. Level 1 is based on publicly quoted prices for the asset or liability in active markets. Level 2 is based on inputs that are observable other than quoted market prices in active markets, such as quoted prices for the asset or liability in inactive markets or quoted prices for similar assets or liabilities. Level 3 is based on unobservable inputs reflecting the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

At March 31, 2019	Level 1	Level 2	Level 3	Total
Assets:				
Foreign currency hedges	\$ —	\$ 11	\$ —	\$ 11
Total Assets	\$ —	\$ 11	\$ —	\$ 11
Liabilities:				
Deferred compensation	\$ —	\$ 340	\$ —	\$ 340
Foreign currency hedges	—	1	—	1
Total Liabilities	\$ —	\$ 341	\$ —	\$ 341
<hr/>				
At December 31, 2018	Level 1	Level 2	Level 3	Total
Assets:				
Foreign currency hedges	\$ —	\$ 15	\$ —	\$ 15
Total Assets	\$ —	\$ 15	\$ —	\$ 15
Liabilities:				
Deferred compensation	\$ —	\$ 336	\$ —	\$ 336
Foreign currency hedges	—	1	—	1
Total Liabilities	\$ —	\$ 337	\$ —	\$ 337

The fair value of foreign currency hedges is determined based on the present value of future cash flows using observable inputs including foreign currency exchange rates. The fair value of deferred compensation liabilities is determined based on the fair value of the investments elected by employees.

12) LEASES

On January 1, 2019, the Company adopted new FASB guidance on the accounting for leases. The Company applied the modified retrospective method of adoption and therefore, results for reporting periods beginning after January 1, 2019 are presented under the new guidance while prior periods have not been adjusted.

The adoption of this guidance resulted in the recognition on the Company's Consolidated Balance Sheet of operating lease right-of-use assets and operating lease liabilities representing the present value of future lease payments of all leases with terms in excess of one year. At March 31, 2019, the following amounts were recorded on the Company's Consolidated Balance Sheet relating to its leases.

	Leases	
	Operating	Finance
Right-of-Use Assets		
Operating lease assets	\$ 952	\$ —
Property and equipment, net	\$ —	\$ 36
Lease Liabilities		
Accrued expenses and other current liabilities	\$ 157	\$ 12

Total Liabilities	\$ 1,023	\$ 41

	Leases	
	Operating	Finance
Weighted average remaining lease term	9 years	4 years
Weighted average discount rate	4.3%	4.2%

For existing leases at the time of adoption, the Company elected to not reassess (i) whether each contract is or contains a lease, (ii) the classification of leases as operating or finance leases, and (iii) initial direct costs for existing leases.

Lessee Contracts

The Company has operating leases primarily for office space, equipment, transponders and studio facilities. The Company also has finance leases for satellite transponders and office equipment. Lease costs are generally fixed, with certain contracts containing variable payments for non-lease costs based on usage and escalations in the lessors' annual costs.

(a) Includes fixed lease costs and non-lease costs (consisting of other occupancy and service costs relating to the use of an asset) associated with long-term operating leases.

(b) Amounts include costs capitalized during the period for leased assets used in the production of programming.

(c) Short-term leases have a term of 12 months or less and exclude month-to-month leases. Short-term leases are not recorded on the Company's Consolidated Balance Sheet.

(d) Primarily includes non-lease costs (consisting of other occupancy and service costs relating to the use of an asset).

The following table presents supplemental cash flow information related to the Company's leases.

2024 and thereafter	465	2
Total minimum payments	\$ 1,101	\$ 47
Less amounts representing interest		4
Present value of minimum payments		\$ 43

Future minimum operating lease payments at December 31, 2018 have been reduced by future minimum sublease income of \$30 million.

During the first quarter of 2019, the Company signed additional operating leases with lease terms ranging from three to 16 years that have not yet commenced. The total future undiscounted lease payments under these leases are \$154 million, which are not recorded on the Consolidated Balance Sheet.

Lessor Contracts

The Company enters into operating leases for the use of its owned production facilities and office buildings. Lease payments under these agreements consist of fixed payments for the rental of space and certain building operating costs, as well as variable payments based on usage of production facilities and services, and escalating costs of building operations. The Company recorded total lease income of \$32 million, including both fixed and variable amounts, for the three months ended March 31, 2019.

At March 31, 2019, future fixed lease income under noncancellable operating leases is as follows:

2019 (April 1 through December 31)	\$ 40
2020	50
2021	46
2022	43

13) COMMITMENTS AND CONTINGENCIES

Guarantees

On January 31, 2019, the Company completed the sale of CBS Television City. The Company has guaranteed a specified level of cash flows to be generated by the business during the first five years following the completion of the sale. The Company recorded a guarantee liability of \$122 million on the Consolidated Balance Sheet at March 31, 2019, reflecting the present value of the estimated amount payable under the guarantee obligation (Level 3 in the fair value hierarchy).

CBS CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(Tabular dollars in millions, except per share amounts)

The Company has indemnification obligations with respect to letters of credit and surety bonds primarily used as security against non-performance in the normal course of business. At March 31, 2019, the outstanding letters of credit and surety bonds approximated \$100 million and were not recorded on the Consolidated Balance Sheet.

In the course of its business, the Company both provides and receives indemnities which are intended to allocate certain risks associated with business transactions. Similarly, the Company may remain contingently liable for various obligations of a business that has been divested in the event that a third party does not live up to its obligations under an indemnification obligation. The Company records a liability for its indemnification obligations and other contingent liabilities when probable and reasonably estimable.

Legal Matters

General. On an ongoing basis, the Company vigorously defends itself in numerous lawsuits and proceedings and responds to various investigations and inquiries from federal, state, local and international authorities (collectively, “litigation”). Litigation may be brought against the Company without merit, is inherently uncertain and always difficult to predict. However, based on its understanding and evaluation of the relevant facts and circumstances, the Company believes that the below-described legal matters and other litigation to which it is a party are not likely, in the aggregate, to have a material adverse effect on its results of operations, financial position or cash flows. Under the separation agreement between the Company and Viacom Inc., the Company and Viacom Inc. have agreed to defend and indemnify the other in certain litigation in which the Company and/or Viacom Inc. is named.

Investigation-Related Matters. As announced on August 1, 2018, the Company’s Board of Directors (“Board”) retained two law firms to conduct a full investigation of the allegations in recent press reports about the Company’s former Chairman of the Board, President and Chief Executive Officer, Mr. Leslie Moonves, CBS News and cultural issues at all levels of the Company. On December 17, 2018, the Board announced the completion of the investigation, certain findings of the investigation and the Board’s determination, discussed below, with respect to the termination of Mr. Moonves’s employment. The Company has received subpoenas from the New York County District Attorney’s Office and the New York City Commission on Human Rights regarding the subject matter of this investigation and related matters. The New York State Attorney General’s Office has also requested information about these matters. The Company may receive additional related regulatory and investigative inquiries from these and other entities in the future. The Company is cooperating with these inquiries.

On August 27, 2018 and on October 1, 2018, each of Gene Samit and John Lantz, respectively, filed putative class action suits in the United States District Court for the Southern District of New York, individually and on behalf of others similarly situated, for claims that are similar to those alleged in the amended complaint described below. On November 6, 2018, the Court entered an order consolidating the two actions. On November 30, 2018, the Court appointed Construction Laborers Pension Trust for Southern California as the lead plaintiff of the consolidated action. On February 11, 2019, the lead plaintiff filed a consolidated amended putative class action complaint against the Company, certain current and former senior executives and members of the Board. The consolidated action is stated to be on behalf of purchasers of the Company’s Class A Common Stock and Class B Common Stock between September 26, 2016 and December 4, 2018. This action seeks to recover damages arising during this time period allegedly caused by the defendants’ purported violations of the federal securities laws, including by allegedly making materially false and misleading statements or failing to disclose material information, and seeks costs and expenses as well as remedies under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder. On April 12, 2019, the defendants filed a motion to dismiss this action.

Separation Agreement. On September 9, 2018, the Company entered into a separation and settlement agreement and releases (the “Separation Agreement”) with Mr. Leslie Moonves, pursuant to which Mr. Moonves resigned as a director and as Chairman of the Board, President and Chief Executive Officer of the Company. Pursuant to the Separation Agreement, the Company contributed the aggregate amount of \$20 million toward various charitable organizations that support the #MeToo movement and equality for women in the workplace, which organizations were mutually agreed by the Company and Mr. Moonves. In October 2018, the Company contributed \$120 million to a grantor trust pursuant to the Separation Agreement. On December 17, 2018, the Board announced that, following its consideration of the findings of the investigation referred to above, it had determined that there were grounds to terminate Mr. Moonves’s employment for cause under his employment agreement with the Company. Any dispute related to the Board’s determination is subject to binding arbitration as set forth in the Separation Agreement. On January 16, 2019, Mr. Moonves commenced a binding arbitration proceeding with respect to this matter and the related Board investigation, which proceeding is ongoing. The assets of the grantor trust will remain in the trust until a final determination in the arbitration. The Company is currently unable to determine the outcome of the arbitration and the amount, if any, that may be awarded thereunder and, accordingly, no accrual for this matter has been made in the Company’s consolidated financial statements.

Claims Related to Former Businesses: Asbestos. The Company is a defendant in lawsuits claiming various personal injuries related to asbestos and other materials, which allegedly occurred as a result of exposure caused by various products manufactured by Westinghouse, a predecessor, generally prior to the early 1970s. Westinghouse was neither a producer nor a manufacturer of asbestos. The Company is typically named as one of a large number of defendants in both state and federal cases. In the majority of asbestos lawsuits, the plaintiffs have not identified which of the Company’s products is the basis of a claim. Claims against the Company in which a product has been identified most commonly relate to allegations of exposure to asbestos-containing insulating material used in conjunction with turbines.

Claims are frequently filed and/or settled in groups, which may make the amount and timing of settlements, and the number of pending claims, subject to significant fluctuation from period to period. The Company does not report as pending those claims on inactive, stayed, deferred or similar dockets that some jurisdictions have established for claimants who allege minimal or no impairment. As of March 31, 2019, the Company had pending approximately 31,840 asbestos claims, as compared with approximately 31,570 as of December 31, 2018 and 31,600 as of March 31, 2018. During the first quarter of 2019, the Company received approximately 750 new claims and closed or moved to an inactive docket approximately 480 claims. The Company reports claims as closed when it becomes aware that a dismissal order has been entered by a court or when the Company has reached agreement with the claimants on the material terms of a settlement. Settlement costs depend on the seriousness of the injuries that form the basis of the claims, the quality of evidence supporting the claims and other factors. The Company’s total costs for the years 2018 and 2017 for settlement and defense of asbestos claims after insurance recoveries and net of tax were approximately \$45 million and \$57 million, respectively. The Company’s costs for settlement and defense of asbestos claims may vary year to year and insurance proceeds are not always recovered in the same period as the insured portion of the expenses.

The Company believes that its reserves and insurance are adequate to cover its asbestos liabilities. This belief is based upon many factors and assumptions, including the number of outstanding claims, estimated average cost per claim, the breakdown of claims by disease type, historic claim filings, costs per claim of resolution and the filing of new claims. While the number of asbestos claims filed against the Company has remained generally flat in recent years, it is difficult to predict future asbestos liabilities, as events and circumstances may occur, including, among others, the number and types of claims and average cost to resolve such claims, which could affect the Company’s estimate of its asbestos liabilities.

Other. The Company from time to time receives claims from federal and state environmental regulatory agencies and other entities asserting that it is or may be liable for environmental cleanup costs and related damages principally relating to historical and predecessor operations of the Company. In addition, the Company from time to time receives personal injury claims including toxic tort and product liability claims (other than asbestos) arising from historical operations of the Company and its predecessors.

Item 2. Management’s Discussion and Analysis of Results of Operations and Financial Condition.
(Tabular dollars in millions, except per share amounts)

Management’s discussion and analysis of the results of operations and financial condition of CBS Corporation (the “Company” or “CBS Corp.”) should be read in conjunction with the consolidated financial statements and related notes in the Company’s Annual Report filed on Form 10-K for the fiscal year ended December 31, 2018.

Overview

Business overview and strategy

The Company operates businesses which span the media and entertainment industries, including the CBS Television Network, cable networks, content production and distribution, television stations, direct-to-consumer digital streaming services and other internet-based businesses, and consumer publishing. The Company’s principal strategy is to create and acquire premium content that is widely accepted by audiences and generate affiliate and subscription fee, licensing and advertising revenues from the distribution of this content on multiple media platforms and to various geographic locations. The Company plans to increase its investment in premium content to enhance its opportunities for revenue growth, which include exhibiting the Company’s content on its direct-to-consumer digital streaming services; expanding the distribution of its content internationally; and securing compensation from multichannel video programming distributors (“MVPDs”), third-party live television digital streaming offerings (“virtual MVPDs”), and television stations affiliated with the CBS Television Network. The Company also seeks to grow its advertising revenues by monetizing all content viewership as industry measurements evolve to reflect viewers’ changing habits. The Company’s continued ability to capitalize on these and other emerging opportunities will provide incremental revenues across all of the Company’s main revenue streams.

(a) See pages 36 and 48-49 for reconciliations of non-GAAP results to the most directly comparable financial measures in accordance with accounting principles generally accepted in the United States (“GAAP”).

For the three months ended March 31, 2019, revenues grew 11%, driven by the broadcast of *Super Bowl LIII* on the CBS Television Network, growth from the Company’s direct-to-consumer digital streaming services and increases in station affiliation fees and retransmission revenues, including from virtual MVPDs.

Operating income for the three months ended March 31, 2019 increased 59% from the same prior-year period. This comparison was impacted by several discrete items in the first quarter of 2019, including a gain of \$549 million on the sale of the CBS Television City property and sound stage operation (“CBS Television City”) and costs of \$114

**Management's Discussion and Analysis of
Results of Operations and Financial Condition (Continued)**

million for restructuring and other corporate matters. Adjusted operating income increased 2%, reflecting the revenue growth partially offset by an increased investment in content, including a higher number of series produced for distribution on multiple platforms. The increase was also partially offset by higher costs associated with the growth and expansion of the Company's direct-to-consumer digital streaming services.

Net earnings for the three months ended March 31, 2019 were \$1.58 billion, or \$4.21 per diluted share, compared with \$511 million, or \$1.32 per diluted share, for the same prior-year period. The net earnings and diluted earnings per share ("EPS") comparisons were impacted by the aforementioned discrete items as well as a deferred tax benefit of \$768 million, or \$2.04 per diluted share, resulting from the transfer of intangible assets between subsidiaries of the Company in connection with a reorganization of the Company's international operations. Adjusted net earnings decreased 1%. Adjusted diluted EPS increased 2%, benefiting from lower weighted average shares outstanding. Adjusted operating income, adjusted net earnings and adjusted diluted EPS are non-GAAP financial measures. See page 36 for details of the discrete items excluded from financial results, and reconciliations of adjusted results to the most directly comparable financial measures in accordance with GAAP.

The Company's operating cash flow was \$438 million for the three months ended March 31, 2019 compared with \$717 million for the three months ended March 31, 2018. Free cash flow for the three months ended March 31, 2019 was \$411 million compared with \$687 million for the same prior-year period. These decreases primarily reflect an increased investment in content, partially offset by the benefit from the broadcast of *Super Bowl LIII* on the CBS Television Network in 2019. Free cash flow is a non-GAAP financial measure. See "Free Cash Flow" on pages 48 - 49 for a reconciliation of net cash flow provided by operating activities, the most directly comparable GAAP financial measure, to free cash flow.

Transactions

During the first quarter of 2019, the Company completed the sale of CBS Television City, which resulted in a gain of \$549 million (\$386 million, net of tax). In addition, in March 2019, the Company acquired the remaining 50% interest in Pop, a general entertainment cable network, for \$50 million, bringing the Company's ownership to 100%.

Dividends

During the first quarter of 2019, the Company declared a quarterly cash dividend of \$.18 per share on its Class A and Class B Common Stock, resulting in total dividends of \$68 million, which were paid on April 1, 2019.

Debt

During the first quarter of 2019, the Company issued \$500 million of 4.20% senior notes due 2029. The Company used the net proceeds from this issuance in the redemption of its \$600 million outstanding 2.30% senior notes due August 2019.

Adoption of New Leases Standard

During the first quarter of 2019, the Company adopted new Financial Accounting Standards Board ("FASB") guidance on the accounting for leases. The adoption of this guidance resulted in the recognition of right-of-use assets of \$952 million and lease liabilities of \$1.02 billion on the Consolidated Balance Sheet at March 31, 2019, representing the present value of future lease payments for all operating leases with terms in excess of one year. The Company applied the modified retrospective method of adoption and therefore, results for reporting periods beginning after January 1, 2019 are presented under the new guidance while prior periods have not been adjusted.

Reconciliation of Non-GAAP Measures

The Company's results for the three months ended March 31, 2019 and 2018 included discrete items that affected comparability. Adjusted operating income, adjusted net earnings and adjusted diluted EPS exclude the impact of these discrete items and are measures of performance not calculated in accordance with GAAP. The Company uses these measures to, among other things, evaluate the Company's operating performance. These measures are among the primary measures used by management for planning and forecasting of future periods, and they are important indicators of the Company's operational strength and business performance. In addition, the Company uses adjusted operating income to, among other things, value prospective acquisitions and as one of several components of incentive compensation targets for certain management personnel. The Company believes these measures are relevant and useful for investors because they allow investors to view performance in a manner similar to the method used by the Company's management; provide a clearer perspective on the underlying performance of the Company; and make it easier for investors, analysts and peers to compare the Company's operating performance to other companies in its industry and to compare the Company's year-over-year results.

Because adjusted operating income, adjusted net earnings and adjusted diluted EPS are measures of performance not calculated in accordance with GAAP, they should not be considered in isolation of, or as a substitute for, operating income, net earnings or diluted EPS, as applicable, as indicators of operating performance. These measures, as the Company calculates them, may not be comparable to similarly titled measures employed by other companies. In addition, adjusted operating income does not necessarily represent funds available for discretionary use and is not necessarily a measure of the Company's ability to fund its cash needs. As adjusted operating income, adjusted net earnings and adjusted diluted EPS exclude certain financial information that is included in operating income, net earnings or diluted EPS, the most directly comparable GAAP financial measures, as applicable, users of this financial information should consider the types of events and transactions that are excluded.

Advertising

For the three months ended March 31, 2019, advertising revenues increased 18%, driven by CBS' broadcast of the Super Bowl, which is broadcast on the CBS Television Network on a rotating basis with other networks through 2022 under the current contract with the National Football League ("NFL"). This increase was partially offset by lower revenues as a result of the timing of the broadcast of several other sporting events. Underlying CBS Network advertising revenues for the first quarter of 2019 increased 1% from the same prior-year period, as higher pricing was offset by lower ratings for primetime programming. For the second quarter of 2019, advertising revenues will benefit from CBS's broadcast of the National Semifinals and National Championship games of the *NCAA Division I Men's Basketball Championship* ("NCAA Tournament"), which are broadcast on the CBS Television Network every other year through 2032 under the current agreements with the NCAA and Turner Broadcasting System, Inc. ("Turner"). In addition, in the second half of 2019, the advertising revenue comparison with the prior year will be negatively affected by the benefit in 2018 from record political advertising sales.

Content Licensing and Distribution

For the three months ended March 31, 2019, content licensing and distribution revenues decreased 3%, primarily driven by the timing of international licensing sales and the benefit to 2018 from the renewal of a significant domestic sale of *Dexter*. These decreases were partially offset by higher sales of series produced for third-party services.

For the remainder of 2019, the content licensing and distribution revenues comparison will continue to be impacted by fluctuations resulting from the timing of when Company-owned television series are made available for multiyear licensing agreements.

Affiliate and Subscription Fees

For the three months ended March 31, 2019, affiliate and subscription fees increased 13%, reflecting 38% growth from the Company's direct-to-consumer digital streaming services, *CBS All Access* and *Showtime*, and a 20% increase in station affiliation fees and retransmission revenues, including from virtual MVPDs.

Through the end of 2020, the Company's agreements with MVPDs and virtual MVPDs, representing approximately 85% of the Company's total subscribers to these services, and agreements with station affiliates representing approximately 60% of the Company's total subscribers under its station affiliation agreements, will come up for renewal. Historically, renewals of these agreements have resulted in increases in the rates received by the Company. In addition, the Company's agreements with station affiliates, MVPDs and virtual MVPDs include annual contractual increases. Together, these factors are expected to result in continued growth in affiliate and subscription fees over the next several years.

International Revenues

The Company generated approximately 14% and 19% of its total revenues from international regions for the three months ended March 31, 2019 and 2018, respectively.

Programming

For the three months ended March 31, 2019, the increase in programming expenses of 25% was primarily driven by increased sports programming costs associated with the broadcast of *Super Bowl LIII*. The Super Bowl is broadcast on CBS on a rotating basis with other networks through 2022 under the current contract with the NFL. For the second quarter of 2019, programming expenses are expected to be higher than the second quarter of 2018 as a result of CBS' broadcast of the National Semifinals and National Championship games of the NCAA Tournament.

Production

For the three months ended March 31, 2019, the increase in production expenses of 8% was a result of an increased investment in content, including a higher number of series produced for distribution on multiple platforms, as well as production costs associated with the broadcast of *Super Bowl LIII*. These increases were partially offset by lower costs associated with the decrease in television licensing revenues.

Participation, Distribution and Royalty

For the three months ended March 31, 2019, participation, distribution and royalty costs increased 2%.

Other

Other operating expenses primarily include compensation and costs associated with book sales, including printing and warehousing. For the three months ended March 31, 2019, the increase in other expenses of 9% primarily reflected higher costs associated with the growth and expansion of the Company's direct-to-consumer digital streaming services.

Restructuring and Other Corporate Matters

During the first quarter of 2019, the Company initiated a restructuring plan under which severance payments will be provided to certain eligible employees who voluntarily elected to participate. The Company also implemented additional restructuring plans during the first quarter of 2019 across several of its businesses in connection with a continued effort to reduce its cost structure. As a result, the Company recorded restructuring charges of \$108 million, reflecting \$98 million of severance costs and \$10 million of costs associated with exiting contractual obligations and other related costs.

During the year ended December 31, 2018, the Company recorded restructuring charges of \$67 million, reflecting \$57 million of severance costs and \$10 million of costs associated with exiting contractual obligations and other related costs. During the year ended December 31, 2017, the Company recorded restructuring charges of \$63 million, reflecting \$54 million of severance costs and \$9 million of costs associated with exiting contractual obligations and other related costs.

As of March 31, 2019, the cumulative settlements for the 2019, 2018 and 2017 restructuring charges were \$89 million, of which \$79 million was for severance costs and \$10 million was for costs associated with contractual obligations and other related costs. The Company expects to substantially utilize its restructuring reserves by the end of 2020.

Gain on Sale of Assets

During the three months ended March 31, 2019, the Company completed the sale of CBS Television City for \$750 million. The Company has guaranteed a specified level of cash flows to be generated by the business during the first five years following the completion of the sale. The Company recorded a liability of \$122 million at March 31, 2019 reflecting the present value of the estimated amount payable under the guarantee obligation. This transaction resulted in a gain of \$549 million (\$386 million, net of a tax provision of \$163 million), which includes a reduction for the guarantee obligation. The Company also recognized a tax benefit of \$140 million in the fourth quarter of 2018 for the reversal of a valuation allowance relating to capital loss carryforwards that were utilized in connection with this sale.

Segment Results of Operations

The Company presents operating income (loss) excluding costs for restructuring and other corporate matters, and gain on sale of assets, each where applicable, ("Segment Operating Income") as the primary measure of profit and loss for its operating segments in accordance with FASB guidance for segment reporting. The Company believes the presentation of Segment Operating Income is relevant and useful for investors because it allows investors to view segment performance in a manner similar to the primary method used by the Company's management; provides a clearer perspective on the underlying performance of the Company; and makes it easier for investors, analysts and peers to compare the Company's operating performance to other companies in its industry and to compare the Company's year-over-year results. The reconciliation of Segment Operating Income to the Company's consolidated net earnings is presented in Note 11 to the consolidated financial statements.

For the three months ended March 31, 2019, the 15% increase in revenues reflects growth across each main revenue stream. Advertising revenues grew 19%, driven by the broadcast of *Super Bowl LIII* on the CBS Television Network, which was partially offset by lower revenues from the timing of the broadcast of other sporting events. Underlying CBS Network advertising for the three months ended March 31, 2019 increased 1% from the same prior-year period, benefiting from higher pricing, which was partially offset by lower ratings for primetime programming. Affiliate and subscription fee revenues grew 26%, primarily as a result of higher station affiliation fees and revenues from virtual MVPDs as well as subscriber growth at *CBS All Access*. Content licensing and distribution revenues increased 3%, driven by higher revenues from series produced for third-party services.

For the three months ended March 31, 2019, operating income increased 9%, driven by the higher revenues, which were partially offset by an increased investment in content and higher costs associated with the growth and expansion of the Company's direct-to-consumer digital streaming services. Restructuring charges primarily reflected severance costs associated with a voluntary restructuring plan.

For the three months ended March 31, 2019, the 3% decrease in revenues was primarily driven by the benefit to 2018 from the renewal of a significant domestic licensing sale of *Dexter*. This decrease was partially offset by growth from the *Showtime* direct-to-consumer digital streaming subscription offering and revenues from a pay-per-view boxing event that took place during the first quarter of 2019. As of March 31, 2019, subscriptions totaled approximately 27 million for *Showtime*, including its direct-to-consumer digital streaming subscription offering, and 32 million for Smithsonian Networks.

**Management's Discussion and Analysis of
Results of Operations and Financial Condition (Continued)
(Tabular dollars in millions, except per share amounts)**

For the three months ended March 31, 2019, operating income decreased 26% as a result of the lower revenues and an increased investment in programming, including costs associated with the first quarter 2019 premieres of new series *Black Monday* and *Desus & Mero*. The decrease also reflected costs associated with the aforementioned pay-per-view event and higher advertising and marketing costs for new series which premiered during the first quarter of 2019 and to drive subscriber growth to the *Showtime* direct-to-consumer offering. Restructuring charges primarily reflected severance costs associated with a voluntary restructuring plan.

In March 2019, the Company acquired the remaining 50% interest in Pop, a general entertainment cable network, bringing the Company's ownership to 100%. The results of Pop are included in the Cable Networks segment from the date of acquisition.

(a) The increase primarily reflects receivables related to sporting events broadcast during the first quarter of 2019.

(b) The decrease reflects the expensing of prepaid sports program rights.

(c) The increase primarily reflects amounts collectible on behalf of Turner under the rights agreement with Turner and the NCAA for the NCAA Tournament. In connection with this agreement, the Company collects all television advertising receivables, including those generated by Turner.

Operating Activities. For the three months ended March 31, 2019, the decrease in cash provided by operating activities was primarily driven by an increased investment in content, including a higher number of series produced for distribution on multiple platforms, partially offset by the benefit from the broadcast of *Super Bowl LIII* on the CBS Television Network in 2019.

Free Cash Flow

Free cash flow is a non-GAAP financial measure. Free cash flow reflects the Company's net cash flow provided by operating activities less capital expenditures. The Company's calculation of free cash flow includes capital expenditures because investment in capital expenditures is a use of cash that is directly related to the Company's operations. The Company's net cash flow provided by operating activities is the most directly comparable GAAP financial measure.

Management believes free cash flow provides investors with an important perspective on the cash available to the Company to service debt, make strategic acquisitions and investments, maintain its capital assets, satisfy its tax obligations, and fund ongoing operations and working capital needs. As a result, free cash flow is a significant measure of the Company's ability to generate long-term value. It is useful for investors to know whether this ability is being enhanced or degraded as a result of the Company's operating performance. The Company believes the presentation of free cash flow is relevant and useful for investors because it allows investors to evaluate the cash generated from the Company's underlying operations in a manner similar to the method used by management. Free cash flow is one of several components of incentive compensation targets for certain management personnel. In addition, free cash flow is a primary measure used externally by the Company's investors, analysts and industry

**Management's Discussion and Analysis of
Results of Operations and Financial Condition (Continued)
(Tabular dollars in millions, except per share amounts)**

peers for purposes of valuation and comparison of the Company's operating performance to other companies in its industry.

As free cash flow is not a measure calculated in accordance with GAAP, free cash flow should not be considered in isolation of, or as a substitute for, either net cash flow provided by operating activities as a measure of liquidity or net earnings as a measure of operating performance. Free cash flow, as the Company calculates it, may not be comparable to similarly titled measures employed by other companies. In addition, free cash flow as a measure of liquidity has certain limitations, does not necessarily represent funds available for discretionary use and is not necessarily a measure of the Company's ability to fund its cash needs. When comparing free cash flow to net cash flow provided by operating activities, the most directly comparable GAAP financial measure, users of this financial information should consider the types of events and transactions that are not reflected in free cash flow.

The following table presents a reconciliation of the Company's net cash flow provided by operating activities to free cash flow.

Dividends

During the first quarter of 2019, the Company declared a quarterly cash dividend of \$.18 per share on its Class A and Class B Common Stock, resulting in total dividends of \$68 million, which were paid on April 1, 2019.

Capital Structure

The following table sets forth the Company's debt.

	At	At

(a) At March 31, 2019 and December 31, 2018, the senior debt balances included (i) a net unamortized discount of \$61 million and \$58 million, respectively, (ii) unamortized deferred financing costs of \$45 million and \$43 million, respectively, and (iii) a decrease in the carrying value of the debt relating to previously settled fair value hedges of \$7 million and \$5 million, respectively. The face value of the Company's senior debt was \$9.44 billion and \$9.54 billion at March 31, 2019 and December 31, 2018, respectively.

In March 2019, the Company issued \$500 million of 4.20% senior notes due 2029. The Company used the net proceeds from this issuance in the redemption of its \$600 million outstanding 2.30% senior notes due August 2019.

Commercial Paper

At December 31, 2018, the Company had \$674 million of outstanding commercial paper borrowings under its \$2.5 billion commercial paper program at a weighted average interest rate of 3.02% and with maturities of less than 60 days. There were no outstanding commercial paper borrowings at March 31, 2019.

Credit Facility

At March 31, 2019, the Company had a \$2.5 billion revolving credit facility (the "Credit Facility") which expires in June 2021. The Credit Facility requires the Company to maintain a maximum Consolidated Leverage Ratio of 4.5x at the end of each quarter as further described in the Credit Facility. At March 31, 2019, the Company's Consolidated Leverage Ratio was approximately 2.9x.

The Consolidated Leverage Ratio is the ratio of the Company's indebtedness from continuing operations, adjusted to exclude certain finance lease obligations, at the end of a quarter, to the Company's Consolidated EBITDA for the trailing four consecutive quarters. Consolidated EBITDA is defined in the Credit Facility as operating income plus interest income and before depreciation, amortization and certain other noncash items.

The Credit Facility is used for general corporate purposes. At March 31, 2019, the Company had no borrowings outstanding under the Credit Facility and the remaining availability under the Credit Facility, net of outstanding letters of credit, was \$2.49 billion.

Liquidity and Capital Resources

The Company continually projects anticipated cash requirements for its operating, investing and financing needs as well as cash flows generated from operating activities available to meet these needs. The Company's operating needs include, among other items, commitments for sports programming rights, television and film programming, talent contracts, operating leases, interest payments, and pension funding obligations. The Company's investing and financing spending includes capital expenditures, share repurchases, dividends and principal payments on its outstanding indebtedness. The Company believes that its operating cash flows; cash and cash equivalents; borrowing capacity under the Credit Facility, which had \$2.49 billion of remaining availability at March 31, 2019; and access to capital markets are sufficient to fund its operating, investing and financing requirements for the next twelve months.

The Company's funding for short-term and long-term obligations will come primarily from cash flows from operating activities. Any additional cash funding requirements are financed with short-term borrowings, including commercial paper, and long-term debt. To the extent that commercial paper is not available to the Company, the existing Credit Facility provides sufficient capacity to satisfy short-term borrowing needs. The Company routinely assesses its capital structure and opportunistically enters into transactions to lower its interest expense, which could result in a charge from the early extinguishment of debt.

The Company's long-term debt obligations due over the next five years of \$2.03 billion are expected to be funded by cash generated from operating activities and the Company's ability to refinance its debt.

Guarantees

On January 31, 2019, the Company completed the sale of CBS Television City. The Company has guaranteed a specified level of cash flows to be generated by the business during the first five years following the completion of the sale. The Company recorded a guarantee liability of \$122 million on the Consolidated Balance Sheet at March 31, 2019, reflecting the present value of the estimated amount payable under the guarantee obligation.

**Management's Discussion and Analysis of
Results of Operations and Financial Condition (Continued)
(Tabular dollars in millions, except per share amounts)**

The Company has indemnification obligations with respect to letters of credit and surety bonds primarily used as security against non-performance in the normal course of business. At March 31, 2019, the outstanding letters of credit and surety bonds approximated \$100 million and were not recorded on the Consolidated Balance Sheet.

In the course of its business, the Company both provides and receives indemnities which are intended to allocate certain risks associated with business transactions. Similarly, the Company may remain contingently liable for various obligations of a business that has been divested in the event that a third party does not live up to its obligations under an indemnification obligation. The Company records a liability for its indemnification obligations and other contingent liabilities when probable and reasonably estimable.

Legal Matters

General. On an ongoing basis, the Company vigorously defends itself in numerous lawsuits and proceedings and responds to various investigations and inquiries from federal, state, local and international authorities (collectively, "litigation"). Litigation may be brought against the Company without merit, is inherently uncertain and always difficult to predict. However, based on its understanding and evaluation of the relevant facts and circumstances, the Company believes that the below-described legal matters and other litigation to which it is a party are not likely, in the aggregate, to have a material adverse effect on its results of operations, financial position or cash flows. Under the separation agreement between the Company and Viacom Inc., the Company and Viacom Inc. have agreed to defend and indemnify the other in certain litigation in which the Company and/or Viacom Inc. is named.

Investigation-Related Matters. As announced on August 1, 2018, the Company's Board of Directors ("Board") retained two law firms to conduct a full investigation of the allegations in recent press reports about the Company's former Chairman of the Board, President and Chief Executive Officer, Mr. Leslie Moonves, CBS News and cultural issues at all levels of the Company. On December 17, 2018, the Board announced the completion of the investigation, certain findings of the investigation and the Board's determination, discussed below, with respect to the termination of Mr. Moonves's employment. The Company has received subpoenas from the New York County District Attorney's Office and the New York City Commission on Human Rights regarding the subject matter of this investigation and related matters. The New York State Attorney General's Office has also requested information about these matters. The Company may receive additional related regulatory and investigative inquiries from these and other entities in the future. The Company is cooperating with these inquiries.

On August 27, 2018 and on October 1, 2018, each of Gene Samit and John Lantz, respectively, filed putative class action suits in the United States District Court for the Southern District of New York, individually and on behalf of others similarly situated, for claims that are similar to those alleged in the amended complaint described below. On November 6, 2018, the Court entered an order consolidating the two actions. On November 30, 2018, the Court appointed Construction Laborers Pension Trust for Southern California as the lead plaintiff of the consolidated action. On February 11, 2019, the lead plaintiff filed a consolidated amended putative class action complaint against the Company, certain current and former senior executives and members of the Board. The consolidated action is stated to be on behalf of purchasers of the Company's Class A Common Stock and Class B Common Stock between September 26, 2016 and December 4, 2018. This action seeks to recover damages arising during this time period allegedly caused by the defendants' purported violations of the federal securities laws, including by allegedly making materially false and misleading statements or failing to disclose material information, and seeks costs and expenses as well as remedies under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder. On April 12, 2019, the defendants filed a motion to dismiss this action.

Separation Agreement. On September 9, 2018, the Company entered into a separation and settlement agreement and releases (the "Separation Agreement") with Mr. Leslie Moonves, pursuant to which Mr. Moonves resigned as a director and as Chairman of the Board, President and Chief Executive Officer of the Company. Pursuant to the Separation Agreement, the Company contributed the aggregate amount of \$20 million toward various charitable organizations that support the #MeToo movement and equality for women in the workplace, which organizations were mutually agreed by the Company and Mr. Moonves. In October 2018, the Company contributed \$120 million to a grantor trust pursuant to the Separation Agreement. On December 17, 2018, the Board announced that, following its consideration of the findings of the investigation referred to above, it had determined that there were grounds to terminate Mr. Moonves's employment for cause under his employment agreement with the Company. Any dispute related to the Board's determination is subject to binding arbitration as set forth in the Separation Agreement. On January 16, 2019, Mr. Moonves commenced a binding arbitration proceeding with respect to this matter and the related Board investigation, which proceeding is ongoing. The assets of the grantor trust will remain in the trust until a final determination in the arbitration. The Company is currently unable to determine the outcome of the arbitration and the amount, if any, that may be awarded thereunder and, accordingly, no accrual for this matter has been made in the Company's consolidated financial statements.

Claims Related to Former Businesses: Asbestos. The Company is a defendant in lawsuits claiming various personal injuries related to asbestos and other materials, which allegedly occurred as a result of exposure caused by various products manufactured by Westinghouse, a predecessor, generally prior to the early 1970s. Westinghouse was neither a producer nor a manufacturer of asbestos. The Company is typically named as one of a large number of defendants in both state and federal cases. In the majority of asbestos lawsuits, the plaintiffs have not identified which of the Company's products is the basis of a claim. Claims against the Company in which a product has been identified most commonly relate to allegations of exposure to asbestos-containing insulating material used in conjunction with turbines.

Claims are frequently filed and/or settled in groups, which may make the amount and timing of settlements, and the number of pending claims, subject to significant fluctuation from period to period. The Company does not report as pending those claims on inactive, stayed, deferred or similar dockets that some jurisdictions have established for claimants who allege minimal or no impairment. As of March 31, 2019, the Company had pending approximately 31,840 asbestos claims, as compared with approximately 31,570 as of December 31, 2018 and 31,600 as of March 31, 2018. During the first quarter of 2019, the Company received approximately 750 new claims and closed or moved to an inactive docket approximately 480 claims. The Company reports claims as closed when it becomes aware that a dismissal order has been entered by a court or when the Company has reached agreement with the claimants on the material terms of a settlement. Settlement costs depend on the seriousness of the injuries that form the basis of the claims, the quality of evidence supporting the claims and other factors. The Company's total costs for the years 2018 and 2017 for settlement and defense of asbestos claims after insurance recoveries and net of tax were approximately \$45 million and \$57 million, respectively. The Company's costs for settlement and defense of asbestos claims may vary year to year and insurance proceeds are not always recovered in the same period as the insured portion of the expenses.

Filings include claims for individuals suffering from mesothelioma, a rare cancer, the risk of which is allegedly increased by exposure to asbestos; lung cancer, a cancer which may be caused by various factors, one of which is alleged to be asbestos exposure; other cancers, and conditions that are substantially less serious, including claims brought on behalf of individuals who are asymptomatic as to an allegedly asbestos-related disease. The predominant number of pending claims against the Company are non-cancer claims. The Company believes that its reserves and insurance are adequate to cover its asbestos liabilities. This belief is based upon many factors and assumptions, including the number of outstanding claims, estimated average cost per claim, the breakdown of claims by disease type, historic claim filings, costs per claim of resolution and the filing of new claims. While the

**Management's Discussion and Analysis of
Results of Operations and Financial Condition (Continued)

number of asbestos claims filed against the Company has remained generally flat in recent years, it is difficult to predict future asbestos liabilities, as events and circumstances may occur, including, among others, the number and types of claims and average cost to resolve such claims, which could affect the Company's estimate of its asbestos liabilities.

Other. The Company from time to time receives claims from federal and state environmental regulatory agencies and other entities asserting that it is or may be liable for environmental cleanup costs and related damages principally relating to historical and predecessor operations of the Company. In addition, the Company from time to time receives personal injury claims including toxic tort and product liability claims (other than asbestos) arising from historical operations of the Company and its predecessors.

Cautionary Statement Concerning Forward-Looking Statements

This quarterly report on Form 10-Q, including "Item 2 - Management's Discussion and Analysis of Results of Operations and Financial Condition," contains both historical and forward-looking statements. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements within the meaning of section 27A of the Securities Act of 1933 and section 21E of the Securities Exchange Act of 1934. These forward-looking statements are not based on historical facts, but rather reflect the Company's current expectations concerning future results and events. These forward-looking statements generally can be identified by the use of statements that include phrases such as "believe," "expect," "anticipate," "intend," "plan," "foresee," "likely," "will," "may," "could," "estimate" or other similar words or phrases. Similarly, statements that describe the Company's objectives, plans or goals are or may be forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors that are difficult to predict and which may cause the actual results, performance or achievements of the Company to be different from any future results, performance or achievements expressed or implied by these statements. These risks, uncertainties and other factors include, among others: changes in the public acceptance of the Company's content; advertising market conditions generally; changes in technology and its effect on competition in the Company's markets; changes in the federal communications laws and regulations; increased programming costs and investments; the impact of piracy on the Company's products; the impact of the consolidation in the market for the Company's content; the impact of negotiations or the loss of affiliation agreements or retransmission agreements; the outcomes of investigation-related legal actions, which are inherently unpredictable, and any associated costs; the uncertainties arising from leadership changes at the Company; the impact of union activity, including possible strikes or work stoppages or the Company's inability to negotiate favorable terms for contract renewals; other domestic and global economic, business, competitive, technological and/or other regulatory factors affecting the Company's businesses generally; and other factors described in the Company's filings made under the securities laws, including, among others, those set forth under "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31,

2018 and in our Quarterly Reports on Form 10-Q, and in the Company's recent Current Reports on Form 8-K. There may be additional risks, uncertainties and factors that the Company does not currently view as material or that are not necessarily known. The forward-looking statements included in this document are made only as of the date of this document and the Company does not undertake any obligation to publicly update any forward-looking statements to reflect subsequent events or circumstances.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no significant changes to market risk since reported in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

Item 4. Controls and Procedures.

The Company's chief executive officer and chief financial officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934, as amended) were effective, based on the evaluation of these controls and procedures required by Rule 13a-15(b) or 15d-15(b) of the Securities Exchange Act of 1934, as amended.

No change in the Company's internal control over financial reporting occurred during the Company's last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.

The information set forth in Note 13 to the consolidated financial statements appearing in Item 1 of Part I of this report under the captions “Investigation-Related Matters” and “Separation Agreement” is incorporated by reference herein.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Company Purchases of Equity Securities

In November 2010, the Company announced that its Board of Directors approved a program to repurchase \$1.5 billion of the Company’s common stock in open market purchases or other types of transactions (including accelerated stock repurchases or privately negotiated transactions). Since then, various increases totaling \$16.4 billion have been approved and announced, including most recently, an increase to the share repurchase program to a total availability of \$6.0 billion on July 28, 2016. During the first quarter of 2019, the Company did not purchase any shares under its publicly announced share repurchase program, which had remaining authorization of \$2.46 billion at March 31, 2019.

Item 5. Other Information.

On May 1, 2019, the Company adopted an amendment to the CBS Excess 401(k) Plan for Designated Senior Executives (“plan”) to change the vesting schedule for employer match amounts credited to plan participants’ accounts from a five-year to a three-year graded vesting schedule. The amendment will be effective July 1, 2019 and will apply to current and future plan participants who have not incurred a separation from service prior to such effective date. The amendment will not impact any of the Company’s current named executive officers as each of their plan accounts is fully vested.

Summary of CBS Corporation Compensation for Outside Directors
(As of January 31, 2019)

Directors of CBS Corporation (the “Company”) who are not employees of the Company or any of its subsidiaries (the “Outside Directors”) receive compensation for their service as follows:

CASH COMPENSATION

- The Interim Chairman of the Board receives an annual Board retainer of \$300,000, the Vice Chair of the Board receives an annual retainer of \$225,000 and all other Outside Directors receive an annual Board retainer of \$100,000, in each case payable in equal installments quarterly in advance; and
- The Chairs of the Audit, Compensation and Nominating and Governance Committees each receive an annual retainer of \$20,000, payable in equal installments quarterly in advance, and the members of those Committees each receive a per meeting attendance fee of \$2,000; the Chairs and members of any ad hoc committees of the Board that may exist from time to time shall be paid as determined by the Board.

Outside Directors may elect to defer their cash compensation under the CBS Deferred Compensation Plan for Outside Directors.

EQUITY COMPENSATION

Restricted Share Units (RSUs):

- an annual grant of RSUs on each February 15th, equal to \$200,000 in value based on the closing price of the Company’s Class B common stock on the New York Stock Exchange (“NYSE”) on the date of grant (or, if the date of grant is not a day on which the NYSE is open for trading, on the last trading day preceding the date of grant), which RSUs vest one year from the date of grant; and
- prorated RSU grants for Outside Directors who join the Board following the date of the annual RSU grant, but during the calendar year of the grant. Such grants will be made 5 business days following the date such Outside Director joins the Board, and will be determined by multiplying the number of months remaining in such calendar year from the date the Outside Director joins the Board (counting the month of joining as a full month), by the value of the annual RSU grant for that calendar year divided by 12, divided by the closing price of the Company’s Class B common stock on the NYSE on the date of grant. Prorated RSU grants vest on the first anniversary of the date of grant of the annual RSU grant that was awarded during the calendar year in which the Outside Director received such prorated RSU grant.

RSUs are payable to Outside Directors in shares of the Company’s Class B common stock upon vesting unless the Outside Director elects to defer settlement of the RSUs to a future date. Outside Directors are entitled to receive dividend equivalents on the RSUs in the event

the Company pays a regular cash dividend on its Class B common stock. Dividend equivalents will accrue on the RSUs (including deferred RSUs) until the RSUs are settled.

OTHER

Expenses:

Outside Directors are reimbursed for expenses incurred in attending Board, committee and stockholder meetings (including travel and lodging) in accordance with the Company's normal travel policies, and administrative expenses that may be approved by the Board from time to time.

Matching Gifts Program for Directors:

All Directors, including Directors who are employees, are eligible to participate in the Company's Matching Gifts Program for Directors. Under the program, the Company matches donations made by a Director to eligible tax-exempt organizations at the rate of one dollar for each dollar donated up to \$25,000 for each fiscal year. The purpose of the program is to recognize the interest of the Company and its Directors in supporting eligible organizations.
